

REQUEST FOR PROPOSAL 16-16
QUESTION & ANSWER #1

4/29/16 Q #1 " page 7, bullet #2 last sentence and page 15 the first bullet asks for course curriculum. Does that mean that the course curriculum needs to be submitted with the RFP, or just provided with the course? Typically, when submitting these RFPs, a detailed course syllabus was sufficient, and then we provided the course curriculum to students in student guides at the onset of the course.

A #1 Basically we are asking for an outline of the subjects that will be covered in the course. What you describe as a "detailed course syllabus" would be sufficient to submit with your proposal.
