REQUEST FOR PROPOSAL 18-16
QUESTION & ANSWER #1

General Inquiry: Even though the posted drawings are 11 x 17 they can be printed to full size by selecting the paper size from your printer options.

Q #1 RFP 18-16 item D-a page 26, there are no drawings provided regarding the work completed in a previous phase.

A #1 Exhibit B is the previous phase drawings with the red lines showing new information.

Q #2 There appears to be a mention of interior walls can you provide location and type of construction.

A #1 There are no interior walls as part of this RFP

Q #3 SWFWMD permits if the GC is required to get we will need a full set of site plans so we can get a cost and documents to get pricing and add this to our time line.

A #1 I don't think SWFWMD permits will be required because the first phase would have covered those issues. The first phase drawings are included in Exhibit B. The only thing that SWFWMD might require is a silt fence plan and a fee. If you need the original phase 1 drawings they can be provided for that purpose.

Q#4 RFP 18-16 Page 29; there is not a line for the swift mud application all we can do is guess at this along with the building per

A #1 Just include your guesses in your overall bid number.
