3. **PROPOSER QUALIFICATIONS:** Proposals shall be considered only from those who can clearly demonstrate to the Sheriff a professional ability to perform the type of work specified within the Proposal. Proposers must be able to demonstrate adequate organization, financial backing, equipment, and personnel to ensure continuous provision of quality service to the Sheriff. In the determination of the evidence of responsibility and ability to perform the contract by the Proposer, the Sheriff reserves the right to investigate the financial condition, experience and training records, personnel, equipment, facilities, and organization of the Proposer. The Sheriff shall determine whether the evidence of responsibility and ability to perform is satisfactory and will make awards only when such evidence is deemed satisfactory. The Sheriff reserves the right to reject a Proposal when evidence indicates the inability to perform the work specified within the RFP.
4. **E-VERIFY REQUIREMENT:** If applicable, pursuant to §448.095, Florida Statute, the Sheriff requires the Awarded Contractor, and any and all subcontractors, if permitted by agreement, to register with and use the E-Verify system to verify the work authorization status of all newly hired employees. If the Awarded Contractor enters into a contract with a subcontractor, the subcontractor must provide the Awarded Contractor with an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien. The Awarded Contractor shall maintain a copy of such affidavit for the duration of the contract. If the Sheriff has a good faith belief that the Awarded Contractor has knowingly violated §448.09(1), Florida Statute, the contract will be terminated. If the Sheriff has a good faith belief that a subcontractor knowingly violated this subsection, but the Awarded Contractor otherwise complied with this subsection, the Sheriff will promptly notify the Awarded Contractor and order the Awarded Contractor to immediately terminate the contract with the subcontractor. Termination of any and all contracts and/or subcontracts as provided above, does not constitute a breach of contract and may not be considered as such. If the Sheriff terminates a contract with an Awarded Contractor as provided above, the Awarded Contractor may not be awarded a contract for at least one (1) year after the date on which the contract was terminated. The Awarded Contractor is liable for any additional costs incurred by the Sheriff as a result of the termination of a contract.

5. 6. JOINT VENTURES: Joint ventures will not be allowed.
7. CERTIFICATE OF INSURANCE: No work shall commence in connection with this Contract until the Awarded Contractor and any Subcontractor(s) have met the insurance requirements listed below and obtained approval of such by the Sheriff. No Sheriff employee acting in an official capacity, as a purchasing agent, or public officer, shall either directly or indirectly purchase, rent, or lease any realty, goods, or services for the Sheriff from any business entity of which the officer, partner, director, or proprietor, or in which such officer or employee or the officer’s or employee’s spouse or child, or any combination thereof, has a material (>5%) interest. An officer or employee is also prohibited from having an employment or contractual relationship that creates a continuing or recurring conflict between their private interest and the performance of their Sheriff duties.

10. EVALUATION OF PROPOSALS: Initially all Proposals submitted will be reviewed to determine if the Proposer is both responsive in terms of the completeness of the Proposal package and responsible in that proof of a legal, legitimate business enterprise has been provided along with any other qualifications stipulated. Proposals determined to be deficient in either responsiveness or responsibility may be rejected without further evaluation.

Proposals determined to have met the minimum requirements will then be evaluated based on the following weighted criteria. These criteria relate directly to information required in the PROPOSAL RESPONSE (PART D) and are presented in the same outline. It is therefore important to maintain the organization of your response as outlined so the evaluators may easily locate the required documents. The PROPOSAL RESPONSE (PART D) offers details of the criteria below.

	<u>Points</u>
A. Qualifications and/ Experience of Firm & Staff	25
B. Understanding and Approach	25
C. Service & Support	15
D. References	25
E. Cost Proposal	<u>10</u>
Total	<u>100</u>

An evaluation committee consisting of a minimum of three (3) people will be convened. Evaluation Committee will first evaluate criteria A, B, C, and D as described above and score and rank the proposals. The Evaluation Committee may shortlist the highest-ranking proposers. The Buyer will then open the cost proposal and calculate the cost scores based on the method provided in PART D paragraph 7. Any clarifications requested by a committee member will be presented to the Proposer through the Buyer. When all evaluations are complete, the Buyer will tabulate the results providing a scoring matrix indicating the group's collective ranking of each Proposer. The Buyer will present the composite evaluation results to the committee members, who may then submit their recommendation in accordance with the results of the scoring, or if deemed in the best interest of the Sheriff, request a Best and Final Offer from the top ranked firms.

11. CRITERIA SCORING METHOD: Each evaluation criteria will be initially evaluated on a percentage scale from 1 to 100. That Score will then be applied to the weighted values in Part B,

Paragraph 10 to get the final score for the evaluation factor. In the event that an evaluation factor has multiple subfactors, each subfactor will be evaluated on the same percentage scale of 1 to 100. The results will then be averaged and applied to the weighted values in Part B, Paragraph 10 to get the final score.

The scores for the evaluation criteria will be done on a points/percentage basis in conjunction with a narrative composed of the documentation of the particular strengths, weaknesses, and deficiencies of the proposal by the individual evaluators and will include an adjectival rating depending on total score. The evaluation committee will use a rating system that is based off identified strengths, weaknesses, and deficiencies in determining the final scoring. The narrative and documentation apply only to the initial point/percentage score of 1 to 100. The adjectival rating as it relates to scores and identified strengths and weaknesses is contained in the table below.

Rating	Description
Outstanding, 95-100 points	The Proposal demonstrates an exceptional approach and understanding of the requirements and contains multiple strengths and/or at least one significant strength, and risk of unsuccessful performance is low
Good, 85-94 points	Proposal indicates a thorough approach and understanding of the requirements and contains at least one strength or significant strength, and risk of unsuccessful performance is low to moderate.
Acceptable, 70–84 points	Proposal meets requirements and indicates an adequate approach and understanding of the requirements, and risk of unsuccessful performance is no worse than moderate.
Marginal, 60-69 points	Proposal has not demonstrated an adequate approach and understanding of the requirements, and/or risk of unsuccessful performance is high. May be acceptable if the majority of important factors are acceptable, but one or more factors is deficient, and some minor risk is involved in the correction thereof.
Unacceptable, 1-59	Proposal does not meet requirements of the solicitation and, thus, contains one or more deficiencies and is un-awardable, and/or risk of unsuccessful performance is unacceptably high.

These definitions rely on additional rating definitions of Strength, Significant Strength, Weakness, Significant Weakness and Deficiency. The definitions for these are detailed below:

- **Strength:** is an aspect of an offeror's proposal with merit or will exceed specified performance or capability requirements to the advantage of the Government during contract performance.
- **Significant Strength:** is an aspect of an Offeror’s proposal with appreciable merit or will exceed specified performance or capability requirements to the considerable advantage of the Government during contract performance.
- **Weakness:** a flaw in the proposal that increases the risk of unsuccessful contract performance.

- **Significant Weakness:** is a flaw in the proposal that appreciably increases the risk of unsuccessful contract performance.
- **Deficiency:** a material failure of a proposal to meet a Sheriff requirement or a combination of significant weaknesses in a proposal that increases the risk of unsuccessful contract performance to an unacceptable level.

Below are some additional evaluation terms with definitions that may also be included in the definitions above.

- **Omission:** A failure to provide information required by the solicitation and depending on the nature and extent of the omission it may be evaluated as a weakness, a significant weakness, or a deficiency.
 - **Clarification:** Clarifications are limited exchanges between the Sheriff and Offerors that may occur when award without discussions is contemplated. If award without discussions is anticipated, Offerors may be given the opportunity to clarify certain aspects of their proposals or to resolve minor or clerical errors.
 - **Communication:** Communications are exchanges between the Sheriff and Offerors after receipt of proposals, leading to establishment of the competitive range.
 - **Discussions:** Discussions are negotiations conducted in a competitive acquisition and take place after establishment of the competitive range. Discussions are tailored to each Offeror's proposal within the competitive range.
12. **CLARIFICATION OF PROPOSALS:** In order to determine if a Proposal is reasonably susceptible for award, communications by the Buyer or the Proposal Evaluation Committee are permitted with a Proposer to clarify uncertainties or eliminate confusion concerning the contents of a Proposal. Clarifications may not result in a material or substantive change to the Proposal. The evaluation by the Proposal Evaluation Committee may be adjusted as a result of a clarification under this section.
13. **BEST AND FINAL OFFER:** The Sheriff reserves the right to request a Best and Final Offer (BAFO) from any or all Proposers. A BAFO may be requested as an optional step in the selection process. Useful situations include but are not limited to the following: no single response addresses all the specifications; the cost submitted by all Proposers is too high; the scores of two (2) or more Proposers are very close after the evaluation process; all Proposers submitted responses that are unclear or deficient in one or more areas.

The evaluation committee determines if the BAFO process will be conducted and who will receive the solicitation. All or any number of Proposers may be solicited, but only those Proposer(s) most likely to be awarded a contract are to be included. The evaluation committee will develop the aspects of the Proposal to be addressed in the BAFO. They may ask for enhancements of core components of the RFP but will maintain the integrity of the original Scope of Work.

BAFO solicitations will be made in writing. Proposers may be asked to provide additional clarification to specific sections of their response, or to rework their Proposal content or pricing.

Information will be given as to how the BAFO will be evaluated. The Sheriff will not identify either the current rank of any Proposer(s) or the lowest costs proposed until after the evaluation of each BAFO submitted. If a Proposer does not wish to submit a BAFO offer, they may submit a written response stating their response remains as originally submitted.

The Buyer will be responsible for all communication to and from Proposers regarding the BAFO solicitation. All responses must be returned to the Buyer. Proposers may also be requested to make an oral presentation to the evaluation committee. The written BAFO solicitation will include submission requirements and a deadline date and time by which the BAFO must be returned to the Buyer.

At the option of the Sheriff this negotiation process with the highest ranked Proposers may continue until a satisfactory contract is successfully negotiated.

14. **AWARD:** Award shall be made to the most Responsive Proposal and Responsible Proposer meeting specifications, price and other factors considered. The Sheriff reserves the right to award by line item or by overall total, whichever is deemed in the best interest of the Sheriff. Award may be made to more than one (1) Proposer to ensure that work is completed in a timely manner.
 - A. Award will be dependent upon the determination that the Proposals are responsive, Proposers are responsible, evaluation criteria stated in the Proposal document and any other evaluation criteria deemed relevant and beneficial. Proposals and Proposers determined to be deficient in either responsiveness or responsibility may be rejected without further evaluation. All pricing shall remain firm throughout the initial term of the contract.

All pricing should be provided as part of a revenue sharing model with Hillsborough County which may include as a separate line for additional options including fees for installed system relocation, however, the primary goal of the Sheriff is to implement the Automated School Zone Speed Enforcement program at a net zero cost to Hillsborough County taxpayers regardless of the configuration or location selected for deployment. The Contractor's fees will be paid as a percentage of a portion of collected fines. See Part C, Paragraph 10(B) for the applicable portion. Pricing should also include, where necessary, any "make ready utility costs". The contractor should describe the financial process and timeline for transferred funds under their proposed model.
