

**Questions & Answers**

**#1**

**1. In regards to Invitation to Bid 2024-011 Jet Fuel, can you tell me the week that you want pricing for the jet fuel on the bid sheet. As you know, pricing changes each week and with no assigned specific week, you may receive many different prices from various suppliers.**

**Answer:** You may use fuel pricing from any week between June 9, 2024, and July 7, 2024. Please indicate in your proposal which week's pricing you used.

HCSO anticipates receiving varied dates/prices because of the weekly pricing changes. We will be evaluating the cost component of proposals based on the non-Platts values (i.e. fees and upcharges).
